SKU	2000-5
Additonal Description	185mm (L)
Key Points	• 18/0 Stainless Steel • Economy Range Of Cutlery

Dishwasher Safe?	**Yes**	**Microwave Safe?**	
Oven Safe?		**Freezer Safe?**	

Features & Benefits

GenWare Cutlery offers an ideal combination of performance, style and value. We have eight unique premium patterns, exclusive to the GenWare Cutlery range, designed to encapsulate innovation and functionality. These patterns (all of which are 18/0 stainless steel and highly polished) provide an eclectic mix of styles; from elegant sophistication through to strong and robust handling. In addition, GenWare Parish Cutlery is hand polished offering excellent resistance to staining and pitting, while our Millennium Cutlery provides good cutting blades for volume users.

- 18/0 stainless steel which is more cost effective and great for magnetic cutlery catching systems
- Economical range of products that are fit for purpose at best value possible

Weight (kg)	0.29
Material	Stainless Steel-410

Commodity Code	8215103000
Country of Origin	China

Pack Barcode	
Carton Barcode	05020403180227
Pack Quantity	
Pack Dimensions	
Pack Weight(kg)	
Carton Quantity	25
Carton Dimensions	20 x 16.5 x 22cm (L x W x H)
Carton Weight(kg)	7.5

Care & Guidance

GenWare products are manufactured to provide the robustness and durability required for maximum performance in the hospitality and foodservice industry. We recommend for all of our products that are intended to come into contact with foodstuffs to remove any labels or packaging and to wash, rinse and dry before first use.

Product Care:

In order to provide the greatest possible value at each and every price level within the Genware cutlery ranges, we put a great focus on the quality of the 'out of the box' polishing levels, as this is key to allow the user to maintain a high quality finish, free from marking, staining and corrosion.

We recommended following the manufacturers guidelines for wash temperature, rinse cycle and detergent dosage. Assess water hardness and make sure water softeners are used if required. Wash before using for the first time and ensure items are washed promptly after each use.

Our stainless steel cutlery is dishwasher safe and should not be left to soak prior to dishwashing. We recommend that immediately, or as soon as possible after use, cutlery should be washed to remove excess foodstuffs as they contain salts, acids and fats which may cause corrosion.

Cutlery should not be cleaned with abrasive cleaning articles or detergents as this may scratch, damage or stain the surface of the product. Cutlery should be washed in specially made cutlery baskets, which should not be over-filled so as not to impede the flow of water and reduce the effectiveness of the cleaning process. Once cleaned, the product should be dried immediately or removed from the dishwasher to avoid prolonged contact with water or moisture which can cause corrosion or rusting.
